IT'S NEVER TOO LATE TO GO TO COLLEGE

Brenda Gizzarelli - Graduated NCCC with Human Services AA Degree

“Besides academics, the M.O.M’s program was able to help me with learning how to be a positive mentor for women in my position.”

I remember walking into Niagara County Community College for my entrance exams and being more nervous than I could even remember. As I sat and waited for my tests I read every flyer and booklet on the tables. The one that stuck out the most for me was the M.O.M’s flyer. Being a mother of four and going back to school at 38 years old I figured this program might have women in the same situation that I was. I realized very quickly that my assumptions were correct. It was 20 years since I had walked into a classroom and I was terrified.

The program helped me and my sister, who also decided to register for college. It helped us with choosing a major we would be interested in, as well as helped me put together a phenomenal resumé for my internships. Besides academics, the M.O.M’s program was able to help me with learning how to be a positive mentor for women in my position. This program has helped me search for and identify scholarships I was eligible for resulting in being presented a \$500 award from ZONTA at their annual awards dinner.

Although all of these things are quite direct, meaningful and substantial ways that this program has helped me, I think the most helpful thing the M.O.M’s program has done for me is less tangible. The school calls people like me “non-traditional”. The students just think I’m old. My family has been supportive but life is life and they just expect me to be Mom no matter what I’m doing. The M.O.M’s program has been, in my opinion, the only entity that has truly understood my position and has, from day one, given me the understanding and support to make me truly believe that I can do this. I am more than grateful to this program for this “intangible” effect it has had on me as well as my sister. I hope the program is around for many more years to help more moms like me.

LIBERTY PARTNERSHIPS PROGRAM SUMMER CAMPS

Niagara Liberty Partnerships Program will host several camps in Summer 2017 for those students participating in its Liberty Partnerships Programs.

- 4 week Commuter Camp - This camp will integrate literacy and STEM concepts into fun and engaging hands-on activities. Mornings will be spent on the Sanborn campus of NCCC and afternoons at the New York Power Vista.
 - 3 day/2 night Residential Camp – This July 13-15, 2017 camp will target Liberty students in grades 9 and 10.
 - 3 day/2 night Residential Camp – This July 20-22, 2017 camp will target Liberty students also in grades 11 and 12.
- Both Residential camps will provide dorming on the NCCC Sanborn campus. Students will participate in the College Simulation Experience that allows them to understand many of the underlying challenges of higher education. Community and college speakers will provide interactive workshops to the campers.

For more information go to:

www.niagaracc.suny.edu/liberty/

ACCUPLACER PREPARATION CAMPS

Accuplacer Prep Camps for Summer 2017:

June 26-29 (M-Th); 9:00am-12:30pm

July 10-14 (M-Th); 12:00pm-3:30pm

Free to those preparing to take the NCCC Placement Exam.

A 4-day summer, academic camp designed to improve reading, writing and math skills in preparation for the Accuplacer exam. Students can attend either one or both camps. These camps are offered at no cost to students.

Students will receive individualized instruction in the content areas. The focus will be on improving basic skills in order to succeed in college. This course is aimed for new high school graduates who will begin their studies at NCCC in Fall 2017.

For more information please call: **716-614-6499**

NFCI COMMUNITY EDUCATION NON-CREDIT CLASSES

Easter Basket Cake-piping the right way

Tuesday, April 11th, 5:00-7:00pm

Learn different techniques with a variety of piping tips to wow your family and friends with an Easter Cake like they have never seen before. Take home your own 6" cake! \$75

Make Your Own Breakfast

Wednesday, April 12th, 11:00am-1:00pm

Learn how to make your own breakfast wraps! Scrambled wholesome eggs cooked with fresh cut peppers and sautéed onions. Breakfast wouldn't be complete without learning to make your own fruit smoothie. The sunshine never feels better than after a complete breakfast! Cost per participant is \$55 (one parent, one child).

Around the World in a Glass of Bubbles

Friday, April 14th, 6:00-8:30pm

Learn the fascinating history, various production methods, and diverse flavors of sparkling wines from major wine regions across the globe. Cost per participant is \$55.

Chocolate Truffles

Saturday, April 15th, 5:00-7:00pm

A perfect dessert for two. Fill and roll these chocolate delicacies like a pro. Learn to use liquor to make your guests boozy delights that will leave them craving for more. Dark, milk and white chocolate, fudgy nut truffles filled with mounds of sweetness. Cost per participant is \$55.

Mega Cupcake Decorating Party

Tuesday, April 18th, 5:00-7:30pm

Learn how to pipe your own flowers and rosettes. Roll, cut, and shape fondant to become a decorating pro. You can use the skills learned in class to decorate any sized cake. After you create your very own masterpiece comes the best part... eating a MEGA sized cupcake. Cost per participant is \$40.

Dyngus Day – Show me the Dough

Thursday, April 20th, 6:00-8:30pm

Dyngus Day is a Buffalo tradition. Celebrate our Polish heritage and learn to make pierogi, master the classics and learn some modern twists. Cost per participant is \$55.

Amarone and other Vini de Paglia

Friday, April, 28th, 6:00-8:30pm

Taste these special wines of Italy, made by placing the grapes on straw mats for weeks before fermentation. Cost per participant is \$55.

Sushi

Saturday, April 29th, 5:00-7:00pm

Literally meaning vinegared rice, this classic Japanese dish is about far more than just raw fish. Learn the classic shapes and styles, as well as modern variations on this technique. Cost per participant is \$55.

EARN COLLEGE CREDIT THROUGH WORK AND LIFE EXPERIENCE

Niagara County Community College recognizes that learning takes place in all phases of life, not just in a classroom. The knowledge individuals gain through employment, life, or self-interests may earn credit toward a degree. There are several ways to demonstrate knowledge and receive college credit, for example certifications and portfolios. If interested in pursuing credit for prior learning, contact the Office of Academic Affairs at 614-6450.

One way to demonstrate knowledge typically gained in college courses is to take CLEP (College Level Examination Program) exams. CLEP is an exciting opportunity to earn college credits in one or more of 33 possible subjects.

CLEP exams are offered the first Saturday of every month on the Sanborn campus.

For questions about CLEP exams offered at Niagara County Community College and to schedule a testing date, email clep@niagaracc.suny.edu or call the Testing Center at 614-6863.

Attention military personnel:

CLEP exams are free for all eligible military personnel through the Defense Activity for Non-Traditional Education Support (DANTES). Go to clep.collegeboard.org/earn-college-credit/military-benefits

For more information on CLEP fees and test preparation go to:

www.collegeboard.org/clep

NCCC IS A MILITARY FRIENDLY SCHOOL

Brandon A. Czerwinski - Served in the US Navy as a Nuclear Electronics Technician

“It was undoubtedly the right choice because Veteran Services at NCCC has something you can’t buy: conscience.”

The decision to quit my job and return to college was a frightening one. Like many other veterans, I was aware that I was entitled to benefits, but knew next to nothing about what exactly those benefits were. Fortunately, I chose Niagara County Community College. I hadn’t chosen it first, or even second, but it was undoubtedly the right choice because Veteran Services at NCCC has something you can’t buy: conscience. I had been given very little assistance at other colleges when I went to apply, and failed to complete the application process. When I came to NCCC, I discovered that it also had some of the most supportive staff a veteran could hope for, and more opportunities than I could have imagined. Not only was I quickly registered with properly processed benefits, but I was given the chance to work with the Veteran Services Office to help other veterans and gain experience in that field. Veterans suffer a stigma in society of being fundamentally different from civilians, and that is true. Still, the veteran can be reintegrated into society successfully, and I am a prime example of that, thanks to the opportunities and assistance I received at NCCC. I went from a job in which I had very little chance of promotion, to doing what I loved in theatre and film all while pursuing my degree in business. I am now at Niagara University, having graduated from NCCC with High Distinction (3.97 GPA) in 2016. While at NCCC I was awarded the 2016 SUNY Chancellor’s Award for Student Excellence, I was selected to the Phi Theta Kappa and Alpha Beta Gamma Honor Societies and I was a member of SALUTE, the National Veterans Honor Society. At Niagara University, I am continuing my work with Veteran Services, and my degree path in Business Management with aims toward an MBA.

This is not the first time I’ve had the opportunity to testify to the success I have experienced thanks to my time at NCCC, and I am happy to do it again and again. Without NCCC, I might be unremarkably working towards a basic degree, never encouraged to reach for more in college and life than the basic expectation of a degree. Thanks to NCCC and the efforts of its Veteran Services Office, I will continue to aspire for greater things; I’ll be happy to testify to that as many times as I am asked.

ONLINE COURSE OFFERINGS AT NCCC

On-line courses provide the opportunity to earn credit using current technology within a flexible learning environment. We offer online courses in more than 30 academic disciplines including many that meet SUNY general education requirements. Over 100 course sections are offered in the fall and spring semesters and 35 scheduled for this summer. In addition, NCCC offers 9 online and blended programs.
