MESSAGE FROM THE VICE PRESIDENT OF STUDENT SERVICES:

Dear SUNY Niagara Students:

The State University of New York (SUNY) has asked each campus to participate in the SUNY Student Satisfaction Survey (SSS) to determine how well the campus serves students and measure student satisfaction. SUNY conducts SSS once every three years to ensure that all SUNY campuses are meeting their mission and providing quality education.

The survey goal is to evaluate programs, services, and facilities provided for students, identify areas of strength and those that require attention or improvement, and assess overall campus performance.

SUNY administers the survey to students 18 years of age and older enrolled in at least one for-credit class in the current semester (Spring 2024) from **4/10/2024** through **4/30/2024**. You will receive an invitation email to participate on 4/10/2024. The survey will be administered online and made accessible for those who need accommodation. Your participation is voluntary and responses are confidential. It takes approximately 15 minutes to complete the survey.

We value your voice, and we would love to have you share your experiences and perceptions of the current campus climate with us. Thank you for supporting this important effort to improve our campus quality.

If you have any questions, please contact Assistant Vice President of Academic Affairs, Institutional Effectiveness, Fabio Escobar (fescobar@niagaracc.suny.edu) or Director of Planning, Research, and Institutional Assessment, Akie Yanagi (ayanagi@niagaracc.suny.edu).

Sincerely,
Alissa Shugats Cummings, Vice President of Student Services

Where Can the Imagination Take You?

This spring, the NCCCinephiles bring you movies that celebrate the imagination in different ways. If a filmmaker can dream it, then so can you.

Orlando (Sally Potter, 1992)

Presented by S.V. Buffamanti

Friday, April 12, 12-2PM, E-142

Working closely with the incomparable Tilda Swinton (*The Chronicles of Narnia*, *Snowpiercer*, *Doctor Strange*) Sally Potter adapted Virginia Woolf's epic fantasy about a Renaissance man who lives for hundreds of years, waking up after a long nap to find that he is now a woman. Few epic films in the twentieth century address gender and art so frankly, yet the highlights involve the balance of wit and wisdom and the noteworthy filming on a budget that bear comparison to the effects in *Citizen Kane*.

Saving Mr. Banks (John Lee Hancock, 2013)

Presented by Nancy Knechtel

Wednesday, April 24, 6:30-9:00PM, via Zoom

<https://zoom.us/j/3343424695?pwd=MmRVd3pHbG1zYUFsZjRKNzNBeVh4Zz09&omn=91704266399>

Passcode: DISNEY

What goes into the creation of a classic film? Walt Disney, played by Tom Hanks, made a promise to his daughters that he would obtain the movie rights to *Mary Poppins* but needs to negotiate with the difficult author, P.J. Travers (Emma Thompson). Directed by John Lee Hancock, the film is a behind the scenes look at the creation of this classic childhood movie at the Walt Disney Studios.
